Syntax Highlighting

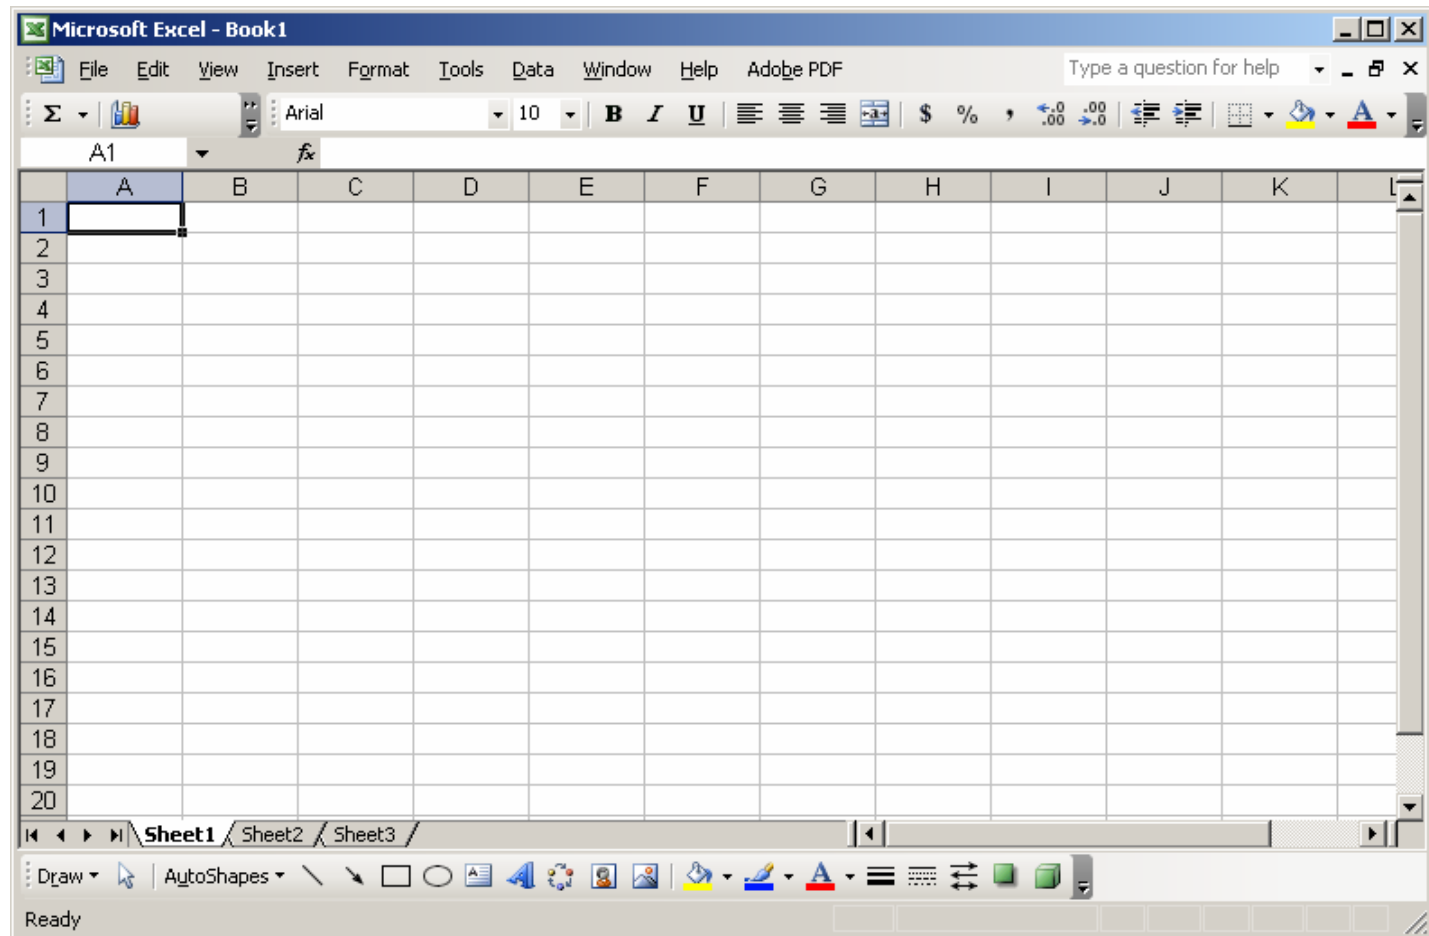

```
ScriptAlias /handlers/ /home/cs75/handlers/  
AddType application/x-httpd-php-source .phps  
Action application/x-httpd-php-source /handlers/phps
```

Syntax Highlighting

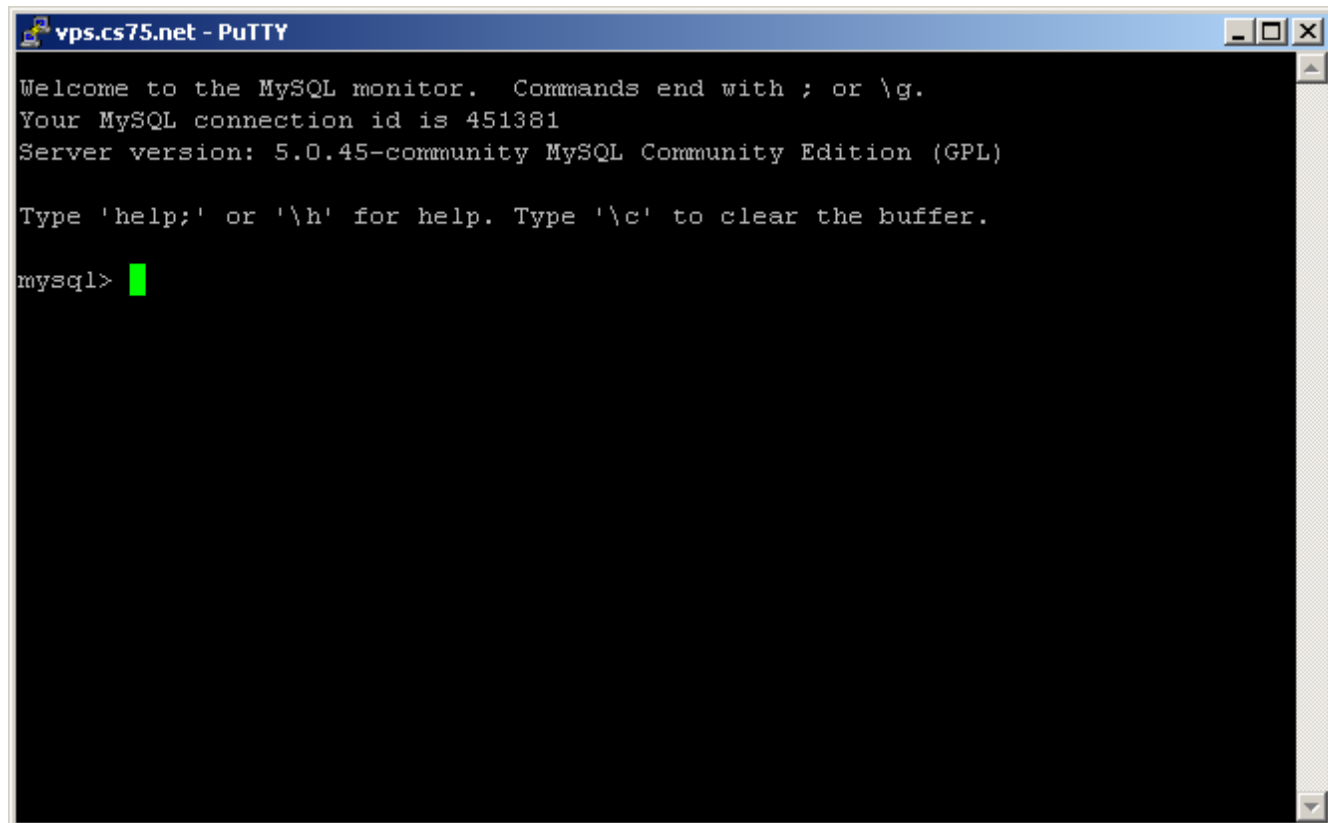

```
// get statistics on file
$s = stat($_ENV["PATH_TRANSLATED"]);

// highlight file iff allowed
if (preg_match("{^/home/cs75/domains/cs75.net/(?:handlers|public_html/(?:lectures|section))/?}",
    $_ENV["PATH_TRANSLATED"]) && $s[2] & 4)
{
    highlight_file($_ENV["PATH_TRANSLATED"]);
}
else
{
    $_SERVER["REDIRECT_STATUS"] = 403;
    require("/home/cs75/handlers/ErrorDocument.php");
}
```

Tables

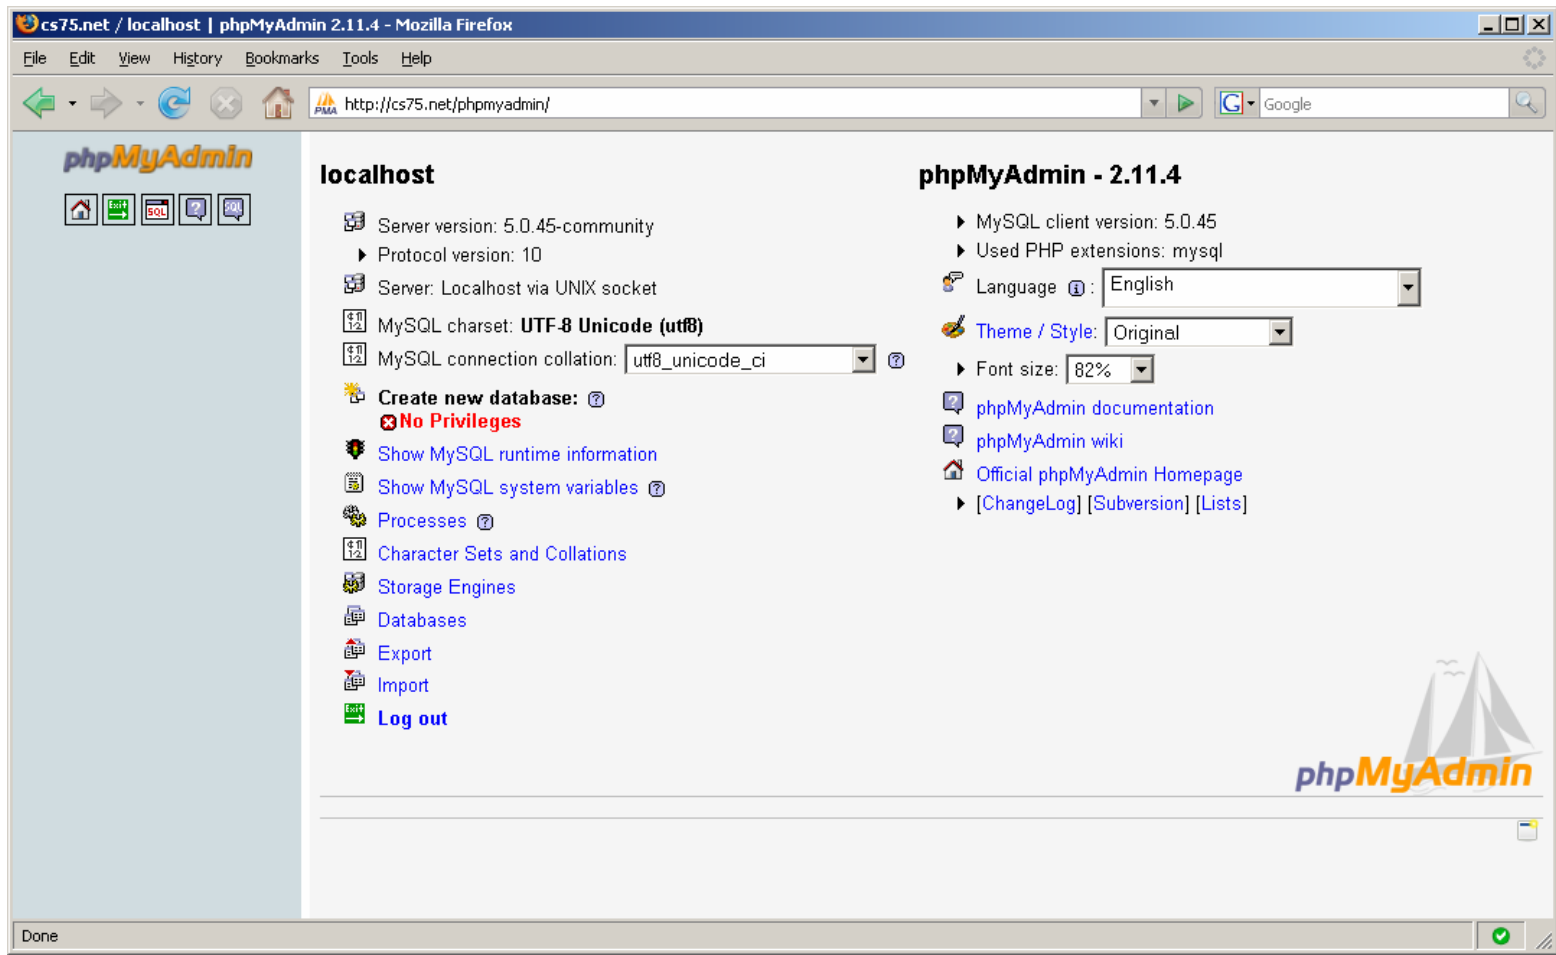

MySQL

The image shows a PuTTY terminal window titled "vps.cs75.net - PuTTY". The terminal displays the following text:

```
Welcome to the MySQL monitor.  Commands end with ; or \g.  
Your MySQL connection id is 451381  
Server version: 5.0.45-community MySQL Community Edition (GPL)  
  
Type 'help;' or '\h' for help. Type '\c' to clear the buffer.  
  
mysql> █
```

phpMyAdmin
